POLITICAL AFFAIRS.—The past month has been productive of political changes not altogether unlooked for, but which have occurred much earlier than was anticipated. The famous 'Kidma mystery,' as the ex Colonial Secretary's revelations anent the conspiracy business is called, did much to weaken the position of the ministry, but Mr Parkes was too shrewd to involve himself in their fate, and availing himself of the excuse offered by the conduct of the Government toward the Collector of Customs, abandoned the sinking ship. The Premier made confusion worse confounded by the appointment of a nominee member of the Upper House to the vacancy in the Cabinet, so that virtually all control over the most important department of the public service was taken away from the lower or representative branch of the Legislature. This latter act settled the fate of the Martin administration. The honorable member for Nowhere, as the new Colonial Secretary was facetiously termed, proved to be the last straw by which the back of the ministerial camel was broken.

Parliament reassembled on the 15th ult., when the session was opened by His Excellency, Earl Belmore, who delivered a speech.

The address in reply was carried in the Upper House without a division, but in the Lower Chamber Mr Robertson moved as an amendment the insertion of the following: 'We feel that we should be wanting in our duty if we did not, on the earliest opportunity of which we can avail ourselves, respectfully express to your Excellency our regret that, on the retirement of the late Colonial Secretary, your Excellency did not secure an Administration having the confidence of this House.'

The debate only lasted five hours, the division bell rang, and then just as the tellers were appointed, two deserters foom the ministerial ranks crossed the floor, and the speaker announced the result of the division: Ayes, 28; noes, 28: He then said: The numbers being equal, it becomes my duty to give my vote with the ayes, and the question is therefore carried in the affirmative. The amendment was therefore negatived, but the government did not require another such victory to complete their ruin.

The House met on the 20th, and were told that the Ministry had resigned, and that Mr Robertson had been sent for. No business was done for another week. The 27th came, and with it the list of the new Ministry, viz, Mr Robertson, Premier and Colonial Secretary; Mr Samuels, Treasurer, Mr Foster, Minister for Lands; Mr Sutherland, Minister for Works; Mr Josephson, Solicitor General; and Mr Egan, Postmaster General. The office of Attorney General was then unfilled, but since then Sir William Manning has accepted the office and rendered the Ministry complete.

Among the documents recently laid before Parliament, was one showing the cost of entertaining Prince Alfred—£24,737.

The comparative statement of the public revenue for the quarters ending 30th Sept, 1867, and 1868, has been published in the *Gazette*. The revenue proper for the quarter just ended amounted to £441,277, and that for the corresponding quarter of 1867 to £435,623, so that there has been a net increase of £5,653; but a sum of £24,114 was due on the 30th September from the Victorian Government for a year's border customs and is not included in the above amount. The year's revenue is expected to show a deficit of at least a quarter of a million sterling.

The seeds of bushranging are producing a crop, which it is hoped will be nipped in the bud. Two desperadoes, one known as the Doctor and the other a shepherd named Rutherford, have made a raid on the stations on the Upper Darling and Warrego. After committing several outrages, information was conveyed to the police at Rouke, and constable McCabe and a trooper belonging to the Queensland police went in pursuit. After riding about ten miles they neared Shearer's public house, and seeing some horses tied to the door, McCabe approached it unobserved, just in time to prevent another flight of the bushrangers, who rushed to the horses. His demand for their surrender was answered by a volley of revolver balls, each bushranger firing one in each hand. The fight was desperate—hand to hand; the black trackers declined to fire, and so resolved itself into two to two. McCabe tackled the man he supposed to be Thunderbolt, and the Queensland trooper closed with the other. McCabe's opponent at once covered him with his revolver, but ere it could be used a bullet entered the outlaw's wrist and compelled him to drop it. The struggle continued, all four fighting for their lives, until Rutherford, jumping back, obtained space to use his revolver, and sent a ball through McCabe's lungs; the other trooper ran to his dying comrade, and the bushrangers jumped upon their horses and escaped.

EXTRAORDINARY CURE OF A COUGH.
The following letter has been received from WILLIAM BOARDS, Esq., an extensive agriculturist and land agent, residing at Edmonton, Middlesex:—
"Nightingale Hall, Edmonton.
"Dear Sir,—I have recently suffered much from a most violent cough, proceeding from a tickling in my chest, which no remedy, out of many I resorted to, could allay. My head was constantly aching, and my whole frame entirely shaken. Having seen the good effects of your Balsam of Aniseed in several members of my family, I purchased a small bottle, and, when going to bed at night, took a teaspoonful in two tablespoonfuls of water, just warm. The effect was immediate; it arrested the tickling in my chest, I slept well, and arose perfectly restored in the morning, with the exception of debility, arising from fatigue by incessant coughing for some days previous. My cough entirely left me, and has never returned. Having since heard of a lady in the neighborhood who for a long time had laboured under a most distressing cough, and who had resorted to every remedy within her knowledge, I sent the remainder of the bottle to her; and that long-standing, obstinate, and (as she thought) incurable cough, was perfectly cured. You are at perfect liberty to make what use you may please of this communication, as the contents are strictly true. I shall take every opportunity of recommending your inestimable medicine, feeling as I do fully assured of its efficacy.
"I am, dear Sir, yours very truly,
"WM. BOARDS.

THE guards and checks proposed to be thrown about the drawback system lately introduced into the Council, will render frauds upon the revenue scarcely possible, and even were the temptation to evasion of the law great, the penalty upon detection is made so heavy that it will serve to deter the most venturesome and reckless from engaging in illicit traffic. What may become of goods after they leave our shores should be of no importance to our revenue officer so long as they are assured that the goods will not be relanded within the limits of the Colony. It makes no difference to us whether some philanthropical individual, seized with a desire to lessen the cost of the necessaries of life to his friends in the neighboring republic, resolves to evade their customs' regulations; or whether, possessed of the idea that the fishes should be fed, he quietly dumps them into the Straits, the effect here is the same. The goods are bought and paid for; the Victoria merchant has made his profit, and the country is a gainer. Under the system now in force, goods may not be shipped in bond unless the party withdrawing them first signs a bond that he will produce a landing certificate for the goods from the Collector of the foreign port for which they are cleared. Thus our Custom-house is converted into a sort of special revenue-detective for the protection of the American customs. The Colony is paying a Collector of Customs and a number of gentlemen to employ a portion of their time in looking sharply after the interests of Uncle Sam, while they throw obstacles in the way of the extension of our commerce. Was ever so absurd an anomaly heard of before? Here the Colony is spending something like $14,000 every year for the conservation of its revenue and the crippling of the commercial operations of the men who contribute the bulk of that revenue! What need it concern an officer of our Customs to know where goods in bond go, so long as he is satisfied they are not surreptitiously relanded? To a party bent upon defrauding the revenue one method in effecting his object is as good as another, provided it offers an equal chance of immunity from detection. For instance, were the stake sufficiently large would it not be as easy to produce a forged landing certificate from the American authorities as it would be to pretend to ship goods in bond and incur the risk of severe penalties by disposing of them within the limits of the Colony? Under the proposed system of drawbacks, the importer, after removing from bond any or all of his goods on payment of the customary duties, would be entitled to a drawback of those duties upon all invoices, not less in value than $250, sold for exportation to a foreign market. To insure itself against fraud, the government imposes a system of checks and exacts security from the merchants that the goods shall not be landed within the Colony; and the penalty for a violation of the agreement is the forfeiture of the goods and the vessel from which they were landed. This should, surely, be sufficient to meet the requirements of the most exacting Government officer. The importer places himself in the hands of the Government. He says: Your unprecedented exactions have driven foreign trade from my door, and I am confined to local consumption entirely for customers. From goods consumed here you raise nearly all your revenue. From goods exported in bond you receive nothing for the revenue. With the drawback system my sales on foreign account would be increased tenfold, while your revenue would remain unimpaired. Is it not plain, therefore, to all but the wilfully blind that Government would offer an obstacle to the prosperity of its own subjects by refusing to listen to their common-sense appeal in this respect? What would benefit one class of citizens must in a measure confer a benefit upon all; and if in the course of the approaching debate over the merits of the Drawbacks Bill it be successfully shown (as we think it can be shown) that the revenue will be a probable gainer through the constant presence of buyers from abroad among us, then, we say, it becomes the duty of every official member of the Council to yield a hearty support to the measure and put an end to the unjust and absurd practice now obtaining here of constituting our Customs officers special revenue officers for the neighboring country.

INQUEST.—The adjourned inquest on the klootchman found dead in Cormorant steert, took place yesterday, before A F Pemberton, Esq. Coroner, and the same jury empannelled as at the first inquiry. Mr Courtenay watched the case on behalf of a klootchman now under arrest. The evidence went to show that certain violence had been used on the person of deceased, in consequence of which the body had been exhumed, and a post mortem examination made by Dr Davie. Dr Davie deposed to external lacerations over the vagina, and extensive internal laceration of the vagina; incipient inflammation of the right side of the womb and about twelve inches of the small intestine. The immediate cause of death, however, arose from the rupture of several blood vessels in the left lung, causing suffocation. Excitement would cause the rupture of the lungs, and it might have been produced in a great variety of ways, consequently the excitement producing death might have originated in natural causes. The deceased was not laboring under syphilitic desease; could not say whether she died drunk or not, the contents of the stomach did not smell of spirits. Several of the former witnesses were examined without eliciting anything novel. The Coroner having addressed the jury, after a short consideration, a verdict was rendered to the effect that death was produced by the rupture of the blood vessels of the lungs and other injuries, inflicted in a manner unknown to the jury.

THE MASONIC BALL on Monday night was one of the largest and most respectably attended public entertainments we can call to mind. The 'brotherhood of the mystic tie' appeared in full regalia, the bright colors of which, blending with the chaste and lovely hues of the dresses worn by the fairer sex presented a pleasing appearance. Governor Seymour and Mrs Seymour, Admiral Hastings and Mrs Hastings; Capt Dawkins and Lieut Brookes of the flagship Zealous; Chief Justice Needham, Mrs Needham and Miss Needham; Chief Justice Begbie; with many other persons of distinction, added to the interest and pleasure of the participants by their presence and example. The ball was opened by District Grand Master Robert Burnaby, Esq. with Mrs Seymour. At 12 o'clock an excellent supper was served by Driard, after which dancing was resumed and continued until an early hour yesterday morning, when the guests retired, carrying with them pleasurable recollections of the hospitable and happy manner in which they had been entertained. The committee arrangements were perfect; the decorations by Mr Farron were very beautiful; and the music, by Messrs Haynes, Palmer, Bushell, Gunther and others, excellent. We congratulate the Masonic Fraternity, and particularly the officers and members of Vancouver Lodge, No 424, upon the happy and successful results which have attended their exertions, and indulge in the hope that these agreeable re-unions may be of more frequent occurrence.

ALARMING ACCIDENT AT JAMES' BAY BRIDGE.—Yesterday, about two o'clock, one of the three massive piledrivers in use at James Bay to drive piles for the new structure, crushed through a portion of the old bridge on which it rested and fell into the bay, carrying with it Mr Thomas Spence, George Baker and James Evans, and burying beneath the debris a colored man named Lewis, who was at work beneath the bridge preparing a pile for the hammer. The three men carried down with the wreck sustained a few bruises, and scrambled out again. Lewis, however, was very seriously injured, and was only saved from drowning by the exertions of George Baker, who, as the unfortunate man was going down for the third time, plunged his arm into the water and pulled him out. He was conveyed into Seeley's Australian House, and medical aid summoned. The frame of the driver is badly broken up, and the hammer, weighing 1600 pounds, together with the tools of the workmen, have descended to make a New Year's call upon the mermaids at the bottom of the bay. The accident is said to have been caused by the rottenness of the old structure. The piling was nearly one-half completed when the accident occurred. We are informed that operations will not be delayed in consequence of the mishap. The footbridge will be closed for a day or two.

THE SOUND steamer, doubtless detained by the severe southeastern, gales did not reach here yesterday.

THE clerk of the weather has certainly been under the influence of the good things usually so plentiful about this time of the year. We have June weather in January, with an occasional return to April. An hour or two of sunshine is followed by a shower or two of rain, then 'rude Boreas' takes an innings and kicks up a row for a short time just to keep his hand in. He was at his old pranks on Monday night, and has raised considerable of a sea outside, but so far we have heard of no casualties. Several craft have availed themselves of the friendly shelter of our outer harbor until the weather permits of their proceeding to their several destinations.

As the holidays are nearly terminated, we may soon look for an active resumption of business, particularly of the character connected with busiding and city improvements. It would be well if the contracts for such work were published at an early date, in order to secure the services of fine fellows, including artizans, who, should nothing offer in the meantime, will cross the Sound in search of employment elsewhere. For the sakes of both employer and employee, an effort should be made to retain such help in the Colony.

ST JOHN'S SUNDAY SCHOOL.—The Christmas festival of this church took place last night, and proved a most pleasant affair to both young and old. The Tree contained over 300 presents, many of a useful character, costing altogether between $70 and $80, all of which were distributed before the Tree was removed to make room for the magic lantern. The room was well filled with young folks, but owing to the inclemency of the night the members of the congregation, and friends of the church in general were unable to be present to the extent anticipated.

MASONIC INSTALLATION. — The following officers of British Columbia Lodge, No 1187, E R., were duly installed on Tuesday evening January 5th, by Bro Robert Burnaby, R W District Grand Master—Henry Nathan, Jr., W M; Eli Harrison, S W; Geo Creighton, J W; J Ragazzoni, Treasurer; Richard H Alexander, Secretary; William Harrison, S D; George Robinson, J D; Jer. McCarthy, Steward; James Grahamslaw, D E; Jno. Wingnr, I G; W H Thain, Tyler.

A KNOWLEDGE of the French language is now so universally looked upon as a necessary portion of a good education, that every one unacquainted with its principles should take the earliest occasion for their acquirement. An opportunity is now offered to those who desire to perfect themselves in that polite accomplishment, at the establishment of Mr L Lelievre, in Langley street, next door to the office of H F Heisterman.

ELECTION.—The Tiger Engine Company held their semi-annual election of officers last night which resulted as follows: President, T Russell, Foreman, T J Barnes; 1st Assistant, A F Keyser; 2nd Assistant, J Davies; Recording Secretary, E McQuade; Financial Secretary, Wm Buell; Treasurer, H. Mansell. J Brumwell was also elected Engineer, and J Madden, Asst Engineer for the steam fire engine.

WHO RANG THE BELL?—Last evening, about 6 o'clock, the Deluge bell struck off for fire and the engines and truck were rolled out in the midst of a heavy storm of wind and rain. After proceeding a short distance through the mud, and finding no evidence of fire, the firemen returned home. So far as we could learn the alarm was false, and it would be interesting to know who rang the bell?

THE WRECK.—The bark Delaware will prove a total wreck. The sails and other portable portions of the wreck have been removed, and the hull will be sold by auction as it now lies for the benefit of whom it may concern.

THE BORDER EDITOR.—The editor of the Owyhee *Avalanche*, by way of describing his agreeable vocation as the conductor of a frontier newspaper, makes the following very interesting reflections—

'Oh, the felicity of editing a paper! Charming, agreeable—in a horn! Fascinating, attractive occupation, but so difficult to appreciate. How nicely and smoothly one gets along, without any 'onpleasantness!' For instance, in a recent issue we referred directly to a ruffian known as Captain Prescott, and incidentally to a guerrilla named Al Cage. We did this in justice to ourselves and the community at large. The other day, while quietly seated in our sanctum tasking our brain for more copy in response to the everlasting cry of the 'devil,' the two above named villains, one of them armed with a hatchet and the other with a bowie knife of large dimensions, made a violent attack upon our person. The only alternative was to fight or die. We accordingly seized a large knife about two feet long, used for cutting paper, and bled our assailants pretty freely. They sued for mercy. We spared their worthless lives and told them to dust, and they got up and dusted. We would take this occasion to state, that if ever they or any one else attack us with the intention of doing us bodily harm, we will shoot them dead in their tracks, or cut their throats from ear to ear.

A STRANGER visiting the navy yard in Brooklyn, conversing with some seamen who had been engaged in the navy during the war, asked one of them if they had received any prize money. "Och, indade, yer honor, yis, a little; it was sifted thro' a ladder, and all that fell through went to the officers—all that stuck to the steps was lift to the men."

The Proposed Drawback Bill.

A Bill entitled an Ordinance to entitle Exporters of Goods to certain Drawbacks and for other purposes.

Whereas it is expedient to facilitate and extend the trade of British Columbia with foreign countries, and for that purpose to enable Exporters of Goods on which Custom Dues have been paid, to receive a Drawback of the duties so paid and to remove the restrictions on Exportation now existing;

Be it enacted by the Governor of British Columbia, with the advice and consent of the Legislative Council thereof, as follows:

I. No person shall Export any Warehouse Goods, nor enter any such Goods for Exportation from the Colony of British Columbia to parts beyond the seas, in any ships of less burden than ten tons.

II. No Goods shall be shipped, put off, or waterborne to be shipped for Exportation, from any port or place in the Colony of British Columbia, without the presence or authority of the proper Officer of Customs, nor before the entry outwards of such ship, and due entry of such Goods, nor before such Goods shall have been duly cleared for shipment; and it shall be lawful for the Searcher or other Officer of Customs to open all packages and fully to examine all Goods shipped or brought for shipment, at any place in the Colony aforesaid.

III. Before any Warehouse Goods, Goods subject to Duties of Customs, or entitled to any Drawback of Customs on Exportation, shall be permitted to be Exported, the Exporter or his agent shall deliver to the Collector or Comptroller a bond note or account of such Goods, and give security by bond in treble the amount of duty payable by law upon the Importation of such Goods, with one sufficient surety that such Goods shall be duly shipped and Exported, and shall not be landed at any place within the Colony of British Columbia; and such bond note when certified by the proper Officer shall be the export entry for such Goods, and a Shipping Bill of such Goods shall be delivered by the Exportor or his agent to the proper Officer.

IV. Drawback shall be allowed on all Goods shipped for Exportation on which Duties have been paid, to the amount of the Duties so paid, but no Drawback shall be allowed on Goods of a less invoice value than Two Hundred and Fifty Dollars.

V. Drawback shall only be claimed by the party originally entering the Goods inwards, and in applying for such Drawback he shall fill up the following form, and sign the same, and any person making a false entry therein shall forfeit the sum of Five Hundred Dollars, or treble the value of the Goods, at the election of the Commissioner of Customs.

VI. The person claiming Drawback shall further declare upon oath (if required) that the contents of the above application are true in every particular.

VII. Where Drawback is claimed by any person, the same shall not be paid in cash, but shall be placed to the credit of the Exporter against any other Import Duties payable by him on or after that date.

VIII No Drawback shall be allowed, or paid in credit or otherwise, upon the Exportation of any Goods, after the expiration of two years from the date of the shipment of such Goods.

IX. It shall be lawful for the Custom House Officers to examine all packages on which Drawback is claimed, and compare the contents and values with the export entry, and if upon examination, the Officers disagree with the declared value placed by the Exporter on such Goods, they may detain them on giving the party notice of the difference required. If the Collector considers the Importer's valuation as satisfactory, the Goods are to be delivered on the entry being passed, but if the Collector concurs in the valuation of the Officers, the Goods may be retained for the use of the Crown, the Commissioner of Customs paying the Exporter the declared value Twenty five per cent. thereon, and the amount of Duties paid; or upon application the Commissioner may allow the Exporter to amend his entry upon such conditions as he may think fit.

X. Any Officer of Customs shall have the right of calling upon every person Exporting Goods on which Drawback shall be claimed, to produce the original invoice of the entry of such Goods, and give such other evidence as to the identity and value of the Goods as the Collector of Customs may require

XI. There shall be paid, and payable to the Customs on every such export entry on which Drawback is claimed, the sum of one per cent. on the gross value declared, of the Goods so Exported or entered for Exportation.

XII. All fines, forfeitures, and penalties payable by virtue of this Ordinance, shall be collected, recovered, and applied in the same manner as fines, forfeitures, and penalties, due and payable under the 16 & 17 Vic, C 107

XIII. The receipt of any Master, Mate, or other properly authorized person, for any Goods on which Drawback is claimed, shall be *prima facie* evidence of such shipment having been made; and such receipt shall be delivered to the Officer of Customs immediately on such shipment.

XIV. If any Goods which have been cleared to be Exported for any Drawback, shall not be duly Exported to parts beyond the seas, or shall be unshipped or relanded in any Port of the Colony of British Columbia (such goods not having been duly relandedor discharged as short shipped under the care of the proper officer), the same shall be forfeited, together with any ship, boat, or craft, which may have been used in so unshipping, relanding, landing or carrying such Goods from the ship in which the same were shipped for Exportation; and the Master of such ship, and any person by whom or by whose orders or means such Goods shall have been so unshipped, relanded, landed, or carried, or who shall aid, assist, or be concerned therein, shall forfeit a sum equal to treble the value of such Goods, or a penalty of Five Hundred Dollars, at the election of the Commissioner of Customs.

XV. As to interpretation of terms, 'Collector' shall mean the principal officer of Customs for British Columbia; 'Commissioner of Customs' shall be the Governor for the time being of the Colony, or such person or persons as he shall appoint to that office; 'Exportation' shall mean Exportation to Foreign Countries.

XVI. This Ordinance may be cited for all purposes as the 'Drawback Ordinance, 1869.'

IN a mine in the State of New Jersey, which has for thirty-five years past been worked for lead, a natural chemical combination has been discovered not heretofore attainable by any known artificial means, and which is not only suitable as a paint for ironwork of all kinds, but is specially adapted for the coating of ship's bottoms, as the particles of copper in the combination are fatal to animal life.

Victoria.

From the Panama Star and Herald.

The Mayoral election of the city of Melbourne has resulted in the return of Alderman Mowbray to fill the civic chair for 1869.

The revenue returns for the quarter and year ending 30th September, have been published. They show that the receipts for the past quarter were £1,20,846, as compared with £895,901 in the corresponding period of 1867; and for the year the income was £2,906,760, as against £3,150,806, or a decrease of £244,046. A considerable portion of this decrease is accounted for by the forestallment of the revenue from spirits last year, the decrease on that item amounting to £105,006.

Queensland.

The revenue of Queensland for the three months ending September 30th, amounted in round numbers to £300,000. Of this sum the squatters contributed, by direct taxation alone, £134,000 for rents, assessments, and surveys.

There are at present 2,000 acres of land planted with sugar cane in Queensland.

The importation of South Sea Island laborers into Queensland still engages a considerable amount of attention, and is the cause of much controversy.

Tasmania.

The Tasmanian Gouernment have offered to pay awards on the following scale for the discovery of a new gold field in Tasmania, £1000 for a gold field yielding 100 ounces weekly; £2000 for the yielding 150 ounces weekly; £3000 for one yielding 200 ounces weekly; £4000 for one yielding 300 ounces weekly; and £6000 for one yielding 400 ounces weekly.

The recently revived whaling fleet is paying shipowners very handsomely. Whales were never known to be so plentiful on the Australian coast, and such a thing as a clean ship is unheard of.

South Australia.

The political crisis in the colony presents a very complex aspect. The assembly is split up into fragmentary parties, each under its own leader, who, in his attacks upon the Ministry, is generally supported by all out of office who aspire to enjoy the repose of the treasury benches. The Ayers Ministry no sooner propounded their land policy than they were defeated, but the Governor could not find advisers on the other side of the House. Several persons who tried to form a Ministry failed, and the original Ministry returned to office; Chief Secretary, Mr Ayers; Treasurer, Mr Reynolds; Crown Lands, Mr Glyde; Public Works, Mr Santo; Attorney General, Mr Andrews.

The excitement regarding the South Australian gold fields is greatly on the increase. The general opinion now is that they are firmly established and will pay experienced diggers well.

H M S OCEAN STRUCK BY LIGHTNING.—In the Japan *Gazette* of September 26th, we find the following: During the thunder storm yesterday morning, there was seen from the Bund a vivid flash of lightning, described by an eye-witness as the brightest by far of any he had ever seen, that, lasting some two or three seconds, seemed to play about the Ocean and the U S S Shenandoah, and at last palpably burst. It was evidently quite close, for the thunder clap followed instantaneously. On enquiry, it proved that the flash had gone down the lightning conductor into the water, but was apparently most unwilling to leave the iron sides of the great armor-plated Ocean. At length on reaching the water, those on board tell us, it burst with considerable noise—'like a hundred hand grenades,' was one account and another that it was 'like a case of loaded rifles all going off together;' and a shower of large sparks were pelted against the side of the ship and all around. No damage was done, nor indeed was any trace of the dread visitor discernable. The value of good lightning conductors was never more conclusively proved.

RUMORS OF GARIBALDI COMING TO AMERICA.—A Florence correspondent of the *Pall Mall Gazette* says that the reproaches of Mazzini and his friends in reference to the failure of the Roman insurrection last year has so pained Garibaldi that he is determined to leave Caprera and go to America. As for Mazzini and the party of action, they seem to have for the present abandoned the idea of making any more attempts to invade the Papal territory. They wish to precipitate a solution of the Romish question by involving France in a great war, which would compel her to withdraw her troops from Rome; 'and it is with this object apparently that their emissaries are now preparing, together with the Roman government to stir up disturbances in the East.' One is unwilling to credit them with any such mad schemes, seeing too, that they are far more likely to gain their end without war should France continue much longer in her present state of isolation. It is certain as the *Independance Belge* points out that none of the great Powers will lend France any encouragement to break the peace.

LORD STANLEY AND THE PEACE OF EUROPE.—The *France* devotes an article to the speech of Lord Stanley at King's Lynn, and says that the Secretary of State for Foreign Affairs did not take a sufficiently impartial view of the situation of France. 'It is quite natural,' says the *France*, 'that we should be preoccupied by the formation of a great centralized military power on our eastern frontier, and it is not to us but to Prussia that Lord Stanley ought to give counsels of moderation We could have desired that the English Foreign Minister, while declaring himself in favor of peace, had not presented so easily to his hearers a prospect of events which would not be likely to reassure public opinion if they should happen to take place—such as, for example, the unity of Germany under the leadership of Prussia.' However, adds the *France*, this language does not change in any way the present condition of Europe.

FINANCIAL CONDITION OF PRUSSIA — The semi-official *Provincial Correspondence* of the 11th inst, publisher an article upon the budget and general financial position of Prussia. It concludes as follows:—The statement emanating from malicious individuals to the effect that the peace policy pursued by Prussia arises from the necessitous condition of her finances refutes itself, as evidently no such condition exists as could obstruct the government in the freedom of its resolves. The guiding principle of Prussian policy is simply the wish that Germany may be able to devote herself in peace to the prosperous development of her political and economical position, and that no sort of disturbance of her friendly relations with neighboring Powers may occur.

Miscellaneous Items.

THE KING OF PRUSSIA'S SPEECH—"LET US HAVE PEACE."—The Paris *Moniteur du Soir* of the 11th, in its bulletin, says: The speech of the King of Prussia at the opening of the Diet has produced a favorable impression. It has everywhere been considered a new proof of the pacific intentions which govern the mutual relations of the great Powers. The sovereigns and statesmen of Europe seize every occasion to support the tendencies the development of which can serve the course of progress. The King of Prussia rightly protested against the unfounded apprehensions which have been prevalent, and the advantages taken of these fears by the enemies of public order and European peace, and his Majesty cast a tranquil glance at the future and at the general political situation of Europe expressing a hope to see commercial and industrial affairs make rapid improvement. This is a wish in which every other government will gladly join. Compared with the language of divers European Cabinets, the King of Prussia is full of those thoughts of concord and moderation which are beginning more and more to obtain at the present time.

HOLLOWAY'S PILLS are the medicine most in repute for curing the multifarious maladies which attack humanity, when wet and cold weather gives place to more genial temperatures. In short, these Pills afford relief, if they fail of being an absolute remedy in all the disturbances of circulation digestion, and nervous energy, which at times oppress a vast portion of the populaton. Under the wholesome, purifying, and strengthening powers exerted by these excellent Pills the tongue becomes clean, the appetite improves, digestion is quickened, and assimilation rendered perfect. Holloway's medicine possesses the highly estimable property of cleansing the whole mass of blood, which, in its renovated condition carries purity, strength and vigour to every issue of the body.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD,

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre* — a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass.

CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

In this class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act opowerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might be delivered at a trifling cost with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone.

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a cure in rough cases.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and Stiff Joints,	Sore Nipples,
Burns,	Elephantiasis,	Sore Throats,
Bunions	Fistulas,	Skin Diseases
Bite of Mosquitos and Sand Flies,	Gout,	Scurvy,
Coco-bay,	Glandular Swellings,	Sore Heads,
Chiego-foot,	Lumbago,	Tumours,
Chilblains,	Piles,	Ulcers,
Chapped Hands,	Rheumatism,	Wounds
Corns, (Soft)		Yaws,

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street, St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street.

DR. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Of those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

Dr GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and plain medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast.

Address Dr J. F. Gibbon, 616 Kearney street, corner Commercial, San Francisco.—Post office box 252.

Remember to put BOX 252 on the letter.

Consultations FREE.

☞ Correspondents will please inform Dr Gibbon that they read his advertisement in the British Colonist. 10 1

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. It is pre-eminence as a remedy for bilious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive, that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation protected, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertiginousness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates hesoil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a derange stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula King Evil
Asthma	Fevers of all kinds	Sore Throats
Bilious Complaints	Fits	Stone and Gravel
Blotches on the Skin	Gout	Secondary Symptoms
Bowel Complaints	Headache	Tic-Douloureux
Colics	Indigestion	Tumours
Costiveness	Inflammation	Ulcers
Constipation of the Bowels	Jaundice	Venereal Affections
Consumption	Liver Complaints	Worms of all kinds
Debility	Lumbago	Weakness, from whatever cause

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atony, and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in **Diseases of the Skin.** Further, it will be found to be of great benefit to young children subject to **Humors and Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co.** is affixed to the bottle, as this Syrup is liable to imitations.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR. BURIN DU BUISSON'S

(Laureate of the Paris Imperial Academy of Medicine

DIGESTIVE LOZENGES

This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive organs, such as

Gastritis,
Gastralgia,
Long and Laborious Digestion,
Wind in the Stomach and Bowels,
Emaciation,
Jaundice, and
Complaints of the Liver & Loins

NERVOUS HEADACHE, NEURALGIA, DIARRHŒA, DYSENTERY,

INSTANTLY CURED BY

Grimault's Guarana.

This vegetable substance, which grows in the Brazils has been employed since time immemorial to cure **Inflammation of the Bowels.** It has proved to be of the greatest service in cases of **Cholera,** as it is a preventive and a cure in cases of Diarrhœa.

NO MORE COPAIBA OR CUBEBS!

Grimault's Capsules and Liquid Extract of Matico Vegitalis.

Where all other preparations have failed these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris by the celebrated Dr Ricard, and found greatly superior to all hitherto known mineral remedies and Copabia and Cubebs. The injection is used in recent, and capsules more chronic cases.
